V-CARD

Efficient advice on company acquisitions, investments and complex corporate law issues – with analytical depth and a passion for the complex

With extensive experience in advising start-ups, investors and medium-sized and large companies, Andreas Müller focuses on transactions, investments, corporate restructuring and the drafting and negotiation of contracts.

His goal is to provide guidance in the face of legal complexity – with solutions that are legally sound and economically viable.

Dear Andreas, what does our promise “To make it simple, but significant” mean to you?

“To make it simple but significant” for me means not only helping clients to solve complex legal challenges efficiently, but also providing them with strategic support in making long-term and sustainable decisions. My goal is to achieve practical and tangible results that offer real added value.”

Efficient solutions for transactions, investments and long-term success.

By providing precise analytical advice on complex transactions and strategic contract drafting, Andreas Müller offers his clients lasting benefits when making commercial decisions.

Cross-border transactions

Experienced in international mergers and acquisitions.

Contract negotiations

Skillful drafting and negotiation of complex commercial contracts that optimally protect clients' interests.

Private Equity & Venture Capital

Tailor-made advice on investment decisions, financing rounds and strategic investments to promote the growth of companies.

A PERSONAL STATEMENT FROM ANDREAS MÜLLER

“A successful contract begins with a clear strategy and ends with a promising future for our clients.”

Efficiency and foresight in M&A and complex contracts

Andreas Müller offers precise advice on complex transactions, particularly in the area of private equity, as well as strategic contract drafting. His focus is on developing sustainable and innovative solutions that meet his clients' growth objectives and efficiently solve legal challenges.

Company acquisitions

Tailor-made advice to optimally position companies for mergers and acquisitions and to fully exploit growth opportunities.

Private equity

Strategic planning and monitoring of investments to enable safe and profitable decisions.

Venture Capital

Support with financing rounds and investments to successfully bring innovative business models to market.
