PUBLIC ECONOMIC LAW | ENVIRONMENT AND PLANNING LAW |

Dr. Bettina Keienburg represents companies and public authorities in the area of public law. She has great experience in supporting and advising on large projects which are usually accompanied by public participation schemes and are often linked to complicated legal as well as political aspects. Her scope of work includes plan approval procedures and authorization procedures according to mining law, nuclear law, emission control law and the Environmental Impact Assessment Act. She supports her clients in structuring approval procedures as well as during them and litigates public law related matters where law suits are hard to avoid.

Curriculum Vitae

Dr. Bettina Keienburg studied at the Universities of Bochum and Cologne. She delivered her doctoral thesis on the subject of "public participation in mining law". She is a specialized lawyer for administrative law since 1996 and a member of the Society for Environmental Law as well as of the International Bar Association for several years. Dr. Bettina Keienburg speaks German and has good knowledge of English, not least due to her one-year stay in the USA where she attended high school.
