A clear view through the regulatory jungle

Unclear regulations, the threat of sanctions, lengthy procedures. Uncertainty, worry and frustration are the consequences. Regulation is often a burden for companies and private individuals alike. I can help you gain clarity, secure your rights and establish viable solutions that will enable you to survive and grow in increasingly regulated markets.

Dear Moritz, what does our promise “To make it simple, but significant” mean to you?

“It hits someone, writer or reader. One of the two has to struggle ...” (Tonio Walter). It is always on us, the writer. We write for the client, not for ourselves.

Recognized expertise – I have received several awards for my work

With a broad foundation of public law expertise and a keen legal curiosity to continuously explore new and complex areas, Moritz Rademacher provides clear and pragmatic advice at the forefront of regulatory developments

Handelsblatt - Best Lawyers

Continuously listed as one of the best lawyers for regulation since 2023, since 2025 for energy.

WHAT WAS A MILESTONE IN MY CAREER?

“A case of willful violation of procedural law by a federal supervisory authority showed me what the state can do to anyone, even in these times. The success in the case shaped my self-image. “

Understanding regulated sectors, See parallels, Compress content

Energy, hydrogen, environment, aviation, products, food: every regulated sector has its own specifics. Recognizing these nuances, making parallels tangible, and distilling the essence is at the core of my work.

Corporate transactions

Precise analysis of public law risks for your deal. And the right solution to the point – for purchase agreements and investment control.

Process management

Your interests optimally represented: Whether in claims for damages or in challenging administrative action – at your side in all instances.

Regulation

Diverse solutions for all regulatory issues – from energy, hydrogen and the environment to subsidies, air law, food and product liability.
