# Expertise in commercial matters – drafting contracts carefully and reliably, taking up clients’ interests with commitment

Till advises you on all aspects of commercial and contract law. His aim is to draft contracts in a structured, comprehensible and forward-looking manner. When it comes to dispute resolution, he focuses on efficiency and goal orientation – whether in court or in arbitration proceedings.

Dear Till, what does our promise “To make it simple, but significant” mean to you?

“For me, this means providing my clients with the basis for an independent and well-founded decision. This requires communicating even complex legal issues in a clear and appealing way. In view of today’s information overload, it is all the more important to concentrate on the essentials.”

# Effective solutions for the distribution sector and along the supply chain

Together with you, Till will find the right legal framework for your distribution structure and supply relationships. He will also represent your interests strategically and decisively in the settlement of disputes.

## **Distribution**
